

Berkswell Cof E Primary School

PSHE (Personal, Social, Health Education) Policy

(including Relationships and Health Education statutory from September 2020, and our position on Sex Education referencing Church of England Schools' documents)

Date of Policy- June 2022

Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

Aim of The JIGSAW PSHE policy

At Berkswell School, we teach Personal, Social, Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

The Jigsaw program supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Statutory Relationships and Health Education

"The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education...They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education(PSHE) continues to be compulsory in independent schools."

DfE Guidance p.8

“Today’s children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way.”

Secretary of State Foreword DfE Guidance 2019 p.4-5

Here, at Berkswell Primary School we value PSHE as one way to support children’s development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

Jigsaw PSHE will support the development of the skills, attitudes, values and behaviour, which enable pupils to:

- [Have a sense of purpose](#)
- [Value self and others](#)
- [Form relationships](#)
- [Make and act on informed decisions](#)
- [Communicate effectively](#)
- [Work with others](#)
- [Respond to challenge](#)
- [Be an active partner in their own learning](#)
- [Be active citizens within the local community](#)
- [Explore issues related to living in a democratic society](#)
- [Become healthy and fulfilled individuals](#)

We include the statutory Relationships and Health Education within our whole-school PSHE Programme.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to your children’s needs. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education (appendix 1), shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements.

Our PSHE policy is informed by existing DfE guidance:

- [Keeping Children Safe in Education](#) (statutory guidance)
- [Respectful School Communities: Self Review and Signposting Tool](#) (a tool to support a whole school approach that promotes respect and discipline)
- [Behaviour and Discipline in Schools](#) (advice for schools, including advice for appropriate behaviour between pupils)
- [Equality Act 2010 and schools](#)
- [SEND code of practice: 0 to 25 years](#) (statutory guidance)
- [Alternative Provision](#) (statutory guidance)
- [Mental Health and Behaviour in Schools](#) (advice for schools)
- [Preventing and Tackling Bullying](#) (advice for schools, including advice on [cyberbullying](#))
- [Sexual violence and sexual harassment between children in schools](#) (advice for schools)
- [The Equality and Human Rights Commission Advice and Guidance](#) (provides advice on avoiding discrimination in a variety of educational contexts)

- [Promoting Fundamental British Values as part of SMSC in schools](#) (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC))
- [SMSC requirements for independent schools](#) (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).

It is also aligned with the Church of England's "A CHARTER FOR FAITH SENSITIVE AND INCLUSIVE RELATIONSHIPS EDUCATION, RELATIONSHIPS AND SEX EDUCATION (RSE) AND HEALTH EDUCATION (RSHE)" and draws on the advice given in the Church of England document 'Valuing All God's Children: Guidance for Church of England schools on challenging homophobic, biphobic and transphobic bullying' (Church of England Education Office, [second edition updated summer 2019](#)).

Objectives and learning outcomes

Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
Autumn 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At Berkswell School we allocate one hour to PSHE each week in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways, during worship times, praise and reward system, through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Class teachers deliver the weekly lessons to their own classes.

Relationships Education

What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

Whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

The Church of England states in "Valuing All God's Children", 2019, that Relationships and Sex education should: *"Make it clear that relationships and sex education is designed to prepare all pupils for the future, regardless of sexual orientation or gender identity. RSE must promote gender equality and LGBT equality and it must challenge discrimination. RSE must take the needs and experiences of LGBT people into account and it should seek to develop understanding that there are a variety of relationships and family patterns in the modern world."* (Page 34)

Health Education

What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health Education in primary schools will cover 'Mental wellbeing', 'Internet safety and harms', 'Physical health and fitness', 'Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', 'Changing adolescent body'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

Whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

Sex Education

The DfE Guidance 2019 (p.23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils. However, 'Sex Education is not compulsory in primary schools'. (p. 23)

Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

At Berkswell School, we believe children should understand the facts about human reproduction before they leave primary school so this will be taught as part of our PSHE lessons.

Parents' right to request their child be excused from Sex Education

"Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory Relationships and Sex Education" DfE Guidance p.17

At Berkswell School, puberty is taught as a statutory requirement of Health Education and covered by our Jigsaw PSHE Programme in the 'Changing Me' Puzzle (unit). We conclude that sex education refers to Human Reproduction, and therefore inform parents of their right to request their child be withdrawn from the PSHE lessons that explicitly teach this i.e. the Jigsaw Changing Me Puzzle (unit) e.g.

Year 4, Lesson 2 (Having a baby)

Year 5, Lesson 4 (Conception)

Year 6, Lesson 4 (Conception, birth)

The school will inform parents of this before the Changing Me Puzzle is taught and we are of course happy to discuss the content of the curriculum and invite you to contact Mrs Drew or Mrs Phipps.

Monitoring and Review

The Curriculum Committee of the governing body monitors this policy on an annual basis. This committee reports its findings and recommendations to the full governing body, as necessary, if the policy needs modification. The Curriculum Committee gives serious consideration to any comments from parents about the PSHE (RSHE) programme, and makes a record of all such comments. Governors scrutinise and ratify teaching materials to check they are in accordance with the school's ethos.

Evaluation of the programme's effectiveness will be conducted on the basis of:

- Monitoring of Jigsaw Journals
- Learning walks and lesson observations
- Pupil and teacher evaluation of the content and learning processes
- Staff meetings to review and share experience

Equality

The Equality Act 2010 covers the way the curriculum is delivered, as schools and other education providers must ensure that issues are taught in a way that does not subject pupils to discrimination. Schools have a duty under the Equality Act to ensure that teaching is accessible to all children and young people, including those who are lesbian, gay, bisexual and transgender (LGBT). Inclusive RSE will foster good relations between pupils, tackle all types of prejudice – including homophobia – and promote understanding and respect. The Department for Education has produced advice on The Equality Act 2010 and schools (DfE, 2014b).

Schools have a legal duty to promote equality (Equality Act, 2010) and to combat bullying (Education Act, 2006) (which includes homophobic, sexist, sexual and transphobic bullying) and Section 4.2 of the national curriculum (2014) states “Teachers should take account of their duties under equal opportunities legislation that covers race, disability, sex, religion or belief, sexual orientation, pregnancy and maternity, and gender reassignment.”

The Church of England document ‘Valuing all God’s Children’, 2017 states:

“All bullying, including homophobic, biphobic and transphobic bullying, causes profound damage, leading to higher levels of mental health disorders, self-harm, depression and suicide. Central to Christian theology is the truth that every single one of us is made in the image of God. Every one of us is loved unconditionally by God. We must avoid, at all costs, diminishing the dignity of any individual to a stereotype or a problem. Church of England schools offer a community where everyone is a person known and loved by God, supported to know their intrinsic value.” (Page 1). It is also a part of the 2018 SIAMS schedule that Church of England schools should enable their pupils to “embrace difference”.

“Opportunities to discuss issues to do with self-esteem, identity and bullying, including HBT (homophobic, biphobic and transphobic) bullying, should be included in physical, social, health and economic education or citizenship programmes. The curriculum should offer opportunities for pupils to learn to value themselves and their bodies. Relationships and sex education should take LGBT people into account.” (Page 6)

Involving parents and carers

- The school believes that it is important to have the support of parents, carers and the wider community for the Jigsaw PSHE programme.

Parents and carers are/will be given the opportunity to find out about and discuss the Jigsaw PSHE programme through:

- Involvement in policy development
- Involvement in curriculum development

Pupil Consultation:

Pupils are consulted regarding their views and opinions on their own personal, social and citizenship development and how the school could support them further. Consultation takes place through:

- Class council
- Questionnaires
- Reflections in Jigsaw sessions
- Pupil interviews

Links to other policies and curriculum areas

We recognise the clear link between Jigsaw PSHE and the following policies and staff are aware of the need to refer to these policies when appropriate.

- Science curriculum
- Teaching and Learning Policy
- Equal Opportunities Policy
- Child Protection

Policy Training and support for staff

All staff benefit from Jigsaw PSHE training in order to enhance their PSHE delivery skills. Opportunities are provided for staff to identify individual training needs on a yearly basis and relevant support is provided. In addition to this, support for teaching and understanding PSHE issues is incorporated in our staff INSET programme, drawing on staff expertise and/or a range of external agencies.

Dissemination

This policy is available on our school website where it can be accessed by the community. Training is regularly delivered to staff on the policy content. Copies are available from the school office on request from parents/carers.

Confidentiality and Child Protection/Safeguarding Issues

As a general rule a child's confidentiality is maintained by the teacher or member of staff concerned. If this person believes that the child is at risk or in danger, she/he talks to the named child protection co-ordinator who takes action as laid down in the Child Protection Policy. All staff members are familiar with the policy and know the identity of the member of staff with responsibility for Child Protection issues. The child concerned will be informed that confidentiality is being breached and reasons why. The child will be supported by the teacher throughout the process.

At Berkswell School we promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships, Health and Sex Education.

Policy Review

This policy is reviewed annually.

Date of review: June 2022	T. Drew	K. Millward
September 2024		

Jigsaw PSHE documents needed to explain this policy:

- **Relationships Education in Primary schools – DfE Guidance 2019**
- Appendix 1-Jigsaw 3-11 and statutory Relationships and Health Education (mapping document)
- Appendix 2 -Including and valuing all children. What does Jigsaw teach about LGBTQ relationships?
- Appendix 3-How does Jigsaw PSHE support the Church of England Principles and Charter in relation to RSHE?

Relationships Education in Primary schools – DfE Guidance 2019

The focus in primary school should be on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults.

The guidance states that, by the end of primary school:

	Pupils should know...	How Jigsaw provides the solution
Families and people who care for me	<ul style="list-style-type: none"> • that families are important for children growing up because they can give love, security and stability. • the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. • that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. • that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up. • that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious). • how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed. • about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help. • what a stereotype is, and how stereotypes can be unfair, negative or destructive. • the importance of permission-seeking and giving in relationships with friends, peers and adults. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference • Being Me in My World
Online relationships	<ul style="list-style-type: none"> • that people sometimes behave differently online, including by pretending to be someone they are not. 	<p>All of these aspects are covered in lessons within the Puzzles</p>

	<ul style="list-style-type: none"> • that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous. • the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them. • how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met. • how information and data is shared and used online. 	<ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference
Being safe	<ul style="list-style-type: none"> • what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context). • about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe. • that each person’s body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact. • how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know. • how to recognise and report feelings of being unsafe or feeling bad about any adult. • how to ask for advice or help for themselves or others, and to keep trying until they are heard, • how to report concerns or abuse, and the vocabulary and confidence needed to do so. • where to get advice e.g. family, school and/or other sources. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference

Physical health and mental well-being education in Primary schools – DfE Guidance

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health.

By the end of primary school:

	Pupils should know	How Jigsaw provides the solution
Mental wellbeing	<ul style="list-style-type: none"> • that mental wellbeing is a normal part of daily life, in the same way as physical health. • that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations. • how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings. • how to judge whether what they are feeling and how they are behaving is appropriate and proportionate. • the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness. • simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. • isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support. • that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being. • where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online). 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me • Relationships • Changing Me • Celebrating Difference

	<ul style="list-style-type: none"> • it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough. 	
Internet safety and harms	<ul style="list-style-type: none"> • that for most people the internet is an integral part of life and has many benefits. • about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing. • how to consider the effect of their online actions on others and knowhow to recognise and display respectful behaviour online and the importance of keeping personal information private. • why social media, some computer games and online gaming, for example, are age restricted. • that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. • how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted. • where and how to report concerns and get support with issues online. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Healthy Me
Physical health and fitness	<ul style="list-style-type: none"> • the characteristics and mental and physical benefits of an active lifestyle. • the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise. • the risks associated with an inactive lifestyle (including obesity). • how and when to seek support including which adults to speak to in school if they are worried about their health. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Healthy eating	<ul style="list-style-type: none"> • what constitutes a healthy diet (including understanding calories and other nutritional content). • the principles of planning and preparing a range of healthy meals. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me

	<ul style="list-style-type: none"> the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health). 	
Drugs, alcohol and tobacco	<ul style="list-style-type: none"> how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn. about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. the facts and science relating to immunisation and vaccination 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> Healthy Me
Basic first aid	<ul style="list-style-type: none"> how to make a clear and efficient call to emergency services if necessary. concepts of basic first-aid, for example dealing with common injuries, including head injuries. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> Healthy Me
Changing adolescent body	<ul style="list-style-type: none"> key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes. about menstrual wellbeing including the key facts about the menstrual cycle. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> Changing Me Healthy Me
